

Elma Introduces New Improved Ultrasonic Cleaners

New!

Elma Easy with new pulse button for 20% more power

- Cavitation resistant stainless steel tank
- Dry-run proof ceramic heating elements
- Heated tank for faster cleaning
- Timer can be set to permanent or short term operation
- Lid reduces noise and acts as drip tray
- Knob controlled tank drain on 60H and larger
- Sweep function provides top cleaning results and optimum sound field distribution
- Pilot lights show timer and heat are on
- Visual limit temperature warning to protect delicate parts
- Top cleaning results with Sweep technology
- More sizes available by special order

Elma Dryer

Dry watch parts and other items with both hot and cool settings. Screen size: 7 x 6". On and off switch. Heats up to 70° C and cools to room temperature.

10.4" color touch screen

Witschi Generation 3

TS-CHRONOSCOPE-X1

Call

Test mechanical watches and store data using this third generation six-position mechanical watch chronoscope. Calculate the gravity point of the balance wheel. Four screens:

- Continuous Diagram,
- Vario Display Linear Scale,
- Trace Mode Graphical Format.
- Sequencing Display for testing positions results.

Includes different measuring modes for different types of movements.

Manual Microphone

Automatic Microphone

Witschi S1 Mechanical Generation 2 Analyzer with Choice of Microphone

Screens on the S1 include Trace Mode Graphical format screen for up to 100 hours, Continuous Diagram screen, Vario Display Linear Scale Format screen, and Beat Scope which graphically displays beat escapement noise. Use Micromat-S automatic microphone to test six positions during recording.
