

Refinisher

The Basics

We're looking to add a stellar Refinisher to Crown & Caliber's team of watch service professionals. Our Refinisher will focus on cleaning and polishing timepieces as well as handling other minor adjustments to watches in our service shop as needed. Learn more and apply [here!](#)

What You'll Be Doing:

- Handling delicate and high-value items
- Pressure testing watches
- Disassembling and reassembling select watches
- Cleaning and polishing watch cases and bracelets
- Handling minor case and bracelet repairs
- Maintaining a clean work environment
- Maintaining proper care of equipment
- Handling, storing, and removing cleaning chemicals

What We Need from You:

- Minimum of 2 years' experience with refinishing/polishing jewelry and/or watches, or a background with fabricating and polishing metals
- Able to remain organized while moving through a high volume of work
- Ability to learn new equipment and techniques
- Consistent written and verbal communication skills

What We Can Offer You:

- Medical, dental, and vision benefit options
- 401(k) plan, with a company match
- Flexible time off
- Leadership that invests in your happiness as well as your growth
- A team that contributes to your growth as well as your happiness
- A steady flow of coffee and tea
- Catered lunch once a week, company breakfast once a month
